LIMITED WARRANTY

IMPORTANT NOTICE TO PURCHASER:

This limited warranty is made in lieu of the warranties of merchantability, fitness for particular purpose, and all other warranties, express or implied. There are no other warranties which extend beyond the description on the face hereof. The physical standards and specifications herein are not to be construed as limitations or restrictions on the use of the equipment. Installation, adjustment, and maintenance may be required, depending on the specific application. To the extent permitted by applicable law, all implied warranties are hereby disclaimed. Easi's and Modifications of the equipment, in the event of such modification, are not applicable to this warranty. The equipment is designed for industrial use only and is not intended for personal use. This equipment is not designed for use in hazardous environments, such as those with flammable, toxic, or explosive gases, dusts, or fumes. This equipment is not designed for use in environments where it is necessary to protect against electrical shock. This equipment is not designed for use in environments where it is necessary to protect against the ingress of water. Makrite Industries Inc. is not responsible for any injury or damage resulting from the use of this equipment in environments where it is necessary to protect against such hazards.

WARNINGS:

1. Wearers must read the fitting instructions and use instructions before use.
2. This respirator does not protect against toxic gases or vapors.
3. Individuals who are allergic to the materials used in the respirator may experience an allergic reaction.
4. Before use, the wearer must be trained in the proper use in accordance with applicable safety and health standards for the contaminant and exposure level.

Caution:

The respirator should be fit checked for each wearing. Place both hands completely over the respirator and exhale. If a leak occurs around the nose or the edges, adjust the nosepiece and/or headband until a good fit is achieved.
